

International Journal of Environmental Science and Development

CONTENTS

Volume 7, Number 1, January 2016

• Environmental Assessment

- Groundwater Quality Investigation Using Multivariate Analysis — Case Study: Western Nile Delta Aquifer, Egypt.....1
Asaad M. Armanuos, Abdelazim Negm, and Oliver C. Saavedra Valeriano
- Impact Assessment of Offshore Pile Driving Noise on Red Sea Marine Mammals.....10
Waled A. Dawoud, Abdelazim M. Negm, Nasser M. Saleh, and Mahmoud F. Bady
- PIXE Analysis of Some Environmental Samples from Selected Saline Region of Bangladesh.....16
M. R. Rahman, M. O. Rahman, M. A. Shariff, M. S. Uddin, M. M. Hasan, and M. A. Shameem

• Environmental Ecology

- Flow Distribution and Sediment Transport Mechanism in the Estuarine Systems of Ganges-Brahmaputra-Meghna Delta.....22
Anisul Haque, Sumaiya, and Munsur Rahman
- Theoretical Analysis on Separation of Complex Flow Velocity in Estuarine Waters.....31
Hao Jialing, He Bingju, and Wang Dong
- Environmentally Induced Alternative Livelihood Strategies among the Artisanal Fishers of the Kainji Lake Basin, Nigeria.....36
A. A. Tafida and M. Galtima
- Early Detection of Spots High Water Saturation for Landslide Prediction Using Thermal Imaging Analysis....41
Aufa Zin, Kamarul Hawari, and Norliana Khamisan

• Environmental Resource Science and Management

- Scenario Based Regional Water Supply and Demand Model: Saudi Arabia as a Case Study.....46
Abdulaziz A. Alhassan, Alyssa McCluskey, Anas Alfaris, and Kenneth Strzepek
- Environmental Management Accounting Model on the Basis of Environmental Management System in Leather Industry.....52
Marzie Hatef Jalil, Mahsa Narimani Abar, and Fatemeh Dadashian

• Environmental Pollution Control

- Application of the Thin Flat-Plate Photo-Bioreactor to the Removal of Nitrate and Phosphate Using Marine *Nannochloropsis oculata*.....59
Pei-Fen Wu, Sz-Chwun John Hwang, Guan-You Lin, Jiunn-Tzong Wu, and Cynthia Chun-Yu Hsieh
- Transport of Toxic Elements through Leaching in and around Ash Disposal Sites.....65
Shivam Kapoor and R. A. Christian

Exploring the Dimensions of Pro-environmental Practices in Construction Firms.....	69
<i>Nor'Aini Yusof, Mohammad Iranmanesh, and Aminu Garba Waziri</i>	
Energy Poverty in Context of Climate Change: What Are the Possible Impacts of Improved Modern Energy Access on Adaptation Capacity of Communities?.....	73
<i>Bilegsaikhan Sumiya</i>	
Waste Management in the Age of Alternative Energy.....	80
<i>Yoojung Jo, Injae Yu, Saehyung Sohn, and Donyun Kim</i>
